# Our Families

Every Basco shower enclosure is designed and manufactured with the goal of creating an oasis for relaxation. Regardless of the enclosure you choose, it will complement and enhance the look and feel of your bathroom.

## **Celesta™** Frameless

Our most exquisite frameless shower enclosures. Celesta units feature 3/8" or 1/2" thick glass and a variety of hardware in elegant finish options. These versatile enclosures are available in sliding, swing, or door and panel applications to transform any bathroom into a spa-like retreat.

## **Infinity** Frameless

Infinity enclosures prove that less is more with a spacious frameless design. The 1/4" thick glass features polished edges for a beautiful balance of elegance and performance in sliding, swing, or door and panel settings.

## **Classic** Frameless

Classic frameless enclosures use 3/16" thick glass and innovative engineering to create a suspended look for swing and sliding doors to complement the most stylish of bath decors.

## **Thinline** Frameless or Framed

More glass and less metal. These enclosures create a spacious appearance with framed or frameless door designs. Our Thinline door and panel configurations allow you to customize your shower enclosure to the design of your bathroom.

## **Supreme** Framed

The most sophisticated in framed models, Supreme enclosures have a completely rounded look conveying elegance and stability in sliding and swing enclosures. They marry functionality with beauty.

## **Deluxe** Framed

Deluxe enclosures are the essence of proven performance in a sliding enclosure. These framed enclosures for both tub and shower surpass the competition with quality and features uncommon in their class.

## **Performance** Framed

These enclosures for swing and sliding applications pair reliable function with simple design. With the Performance line, available in limited glass and finish options, we bring our years of experience to even the most basic enclosure.

## **Steam** Frameless or Framed

Our steam enclosures are available in Celesta, Supreme and Thinline families. Whether swing, sliding or door and panel application, our innovative gasket system helps you create a tightly sealed private world of relaxation.

**Heritage** In 1955, founder G. William Rohde opened the doors of Basco, and an industry leader was born. From the early days, when Basco became the first shower door supplier to utilize safety-tempered glass, to modern times when the Celesta line became the standard for luxury shower enclosures, Basco has defined elegance and class. We bring that heritage with us to every enclosure we manufacture and sell.

**Infinity 1400/1700**  
Clear Glass • Oil Rubbed Bronze

Frameless swing door shown here as model 1700 for 72" tall openings.  
It's also available as 65 9/16" height model 1400.

**Celesta 950 Custom Door and Panel**  
Clear Glass • Brushed Nickel

Our signature frameless enclosure in a panel-door-return configuration. Celesta enclosures are available with 3/8" or 1/2" thick glass.

# Celesta™

Only authentic Celesta frameless shower enclosures from Basco provide the highest quality luxury experience. Available as sliding or swing doors for the bath or shower, ask for Celesta enclosures by name. They can transform any shower into an elegant centerpiece in the bathroom and transport you into a spa-like retreat.

## **Celesta 900** Swing Door Clear Glass • Satin Nickel

This frameless enclosure appears to float, with only the slightest hints of metal. With 3/8" thick luxury glass, Celesta swing doors offer the cleanest lines available for those with the most discriminating taste.

## **Celesta 2850** Tub Enclosure Venetian Glass • Brushed Nickel

Bring tranquility home with this luxurious Celesta enclosure for the tub. With 3/8" thick glass and elegant, stylish framing, it offers a sophisticated appearance for any bath. Also available for the shower, model 3850.

**Luxury** Your bathroom is an oasis for relaxation and renewal. Basco offers custom-designed enclosures to fulfill whatever dream you have for your shower. Our luxury enclosures are award-winning; *Better Homes & Gardens* named Celesta one of the top 100 products available in the industry.

# Sliding Doors

Frameless

Frameless glass doors emphasize luxury and performance in a sliding enclosure. Our Celesta, Infinity and Classic sliding enclosures offer an open and spacious look to make your tub or shower the centerpiece of the bathroom.

**Celesta 3850**  
Rain Glass • Silver

Experience luxury in your bathroom with Celesta. This sliding enclosure for your shower features a variety of unique glass options in exquisite 3/8" thick glass. It's also available as a tub unit, model 2850.

**Classic 3400**  
Clear Glass • Oil Rubbed Bronze

The Classic line features more glass and less metal for an open bath environment. Shown here as a sliding tub unit with 3/16" thick glass and a single towel bar. It's also available as a sliding shower unit, model 3500.

**Elegant** Style and elegance is the goal for each of our enclosures. Your shower should complement your taste. Enhance your bath with a sliding enclosure and change average to amazing.

**Infinity 4400**

Clear Glass • Satin Nickel

Our Infinity sliding enclosures feature a rounded header in a frameless design. The 1/4" thick glass has polished edges and curved towel bars are suspended through the glass. This unit is also available for the shower, model 4500.

**Supreme 2150**  
Cascade Glass • Silver

Make your tub an elegant fixture with our Supreme enclosure. You can complement the curved header and rails with one of two towel bar styles. This unit is also available for a shower, model 3150.

# Sliding Doors

F r a m e d

A sliding enclosure can enhance the look of any bathroom, whether placed on a shower or a tub. Consider our Supreme, Deluxe and Performance framed lines of enclosures for function and beauty. Also available in a variety of units modified for steam applications.

## Deluxe 7150

Clear Etched Glass • Oil Rubbed Bronze

Our Deluxe model incorporates proven quality in design and performance. Distinctive towel bars on the interior and exterior of the enclosure provide added convenience. It's also available as a tub unit, model 6150.

## Performance 8150

Obscure Glass • Silver

The Performance line of sliding doors pairs Basco's reliable function with basic design. Offered only with obscure glass and a silver finish. It's also available as a shower unit, model 9150.

**Personalized** A bathroom can say a lot about you. Our enclosures allow you to make the perfect statement. Choose the frame finish, glass option, header and towel bar that expresses your style.

# Swing Doors

## Frameless

If your space requires a swing door, Basco offers several styles to meet your needs. For an open and elegant look, consider our Celesta, Infinity or Classic frameless doors.

### **Celesta 900**

Clear Glass • Antique Pewter

Frameless luxury glass for the most discriminating taste. Celesta enclosures emphasize distinction and elegance with 3/8" or 1/2" thick glass.

### **Infinity 1400/1700**

Clear Glass • Oil Rubbed Bronze

An innovative hinge system with less metal is the highlight of this frameless Infinity door. Premium glass options are 1/4" thick with polished edges to enhance its rich appearance. Available in standard heights of 65 9/16" and 72".

### **Classic 3600**

Rain Glass • Burnished Copper

This 3/16" frameless door uses a pivot hinge ensuring a secure door while making out-of-square adjustments easy. A magnetic latch securely closes the door, and a clear vinyl seal ensures water stays in the shower.

**Infinity 1422/1722**  
Fluted Glass • Oil Rubbed Bronze

The Infinity French doors provide greater access for entry and double everything our customers love — luxurious 1/4" thick glass, a continuous hinge and a frameless enclosure. Available in standard heights of 68 1/2", 72" and 76".

**Steam 18CS/400S with Top Panel**  
Clear Glass • Brushed Nickel

This seal tight enclosure traps steam in your shower. Its continuous hinge door has a magnetic latch and is custom-designed to fit your door's height. This unit is also available without a transom panel above the door.

# Swing Doors

F r a m e d

A swing door offers stability, security and function. Consider our Supreme and Performance framed doors. Our Steam and Bi-fold doors provide solutions to customers with specific needs for their bathroom.

## Supreme 100/200/500

Clear Beveled Glass • Wrought Iron

A pivot hinge provides smooth operation and makes this Supreme swing door easy to install. It's available at three different heights, 100 models shown as 63", 200 at 67" and 500 at 70 1/2". This door is also available with a continuous hinge in varying heights, models 110, 210 and 510.

## Bi-Fold 1100

Obscure Glass • Gold

This unique bi-fold design offers a telephone booth style that conforms to tight spaces. Featuring a continuous hinge and simple clean lines, the door marries function and style.

## Performance 75

Obscure Glass • Silver

Our basic Performance hinged shower door is available with obscure glass and a silver anodized finish.

**Infinity 1413/1713**

Clear Glass • Oil Rubbed Bronze

Infinity door and panel units feature luxurious 1/4" thick glass, a rounded header and a continuous hinge in a frameless door. Available in standard heights of 68 1/2" and 72".

# Door & Panel

## Frameless

With a door and panel enclosure, we can create walls of glass to complete any bathroom design exceeding a 36" door opening. Consider a frameless enclosure in our Celesta, Infinity or Thinline styles for true luxury.

### **Celesta 950**

Clear Glass • Satin Nickel

Beauty, luxury and elegance are the hallmarks of Celesta's 3/8" or 1/2" glass enclosures. Door and panel configurations can be created to fit any space for a truly distinctive look.

### **Thinline 136/736**

Symmetry Glass • Oil Rubbed Bronze

Thinline enclosures emphasize more glass and less metal for a spacious appearance. Shown here as a 3/16" frameless pivot door and panel this unit is also available with a continuous hinge. Offered as various configurations in standard heights of 68 1/2" and 72".

**Precision** From the first cut of metal framing to the last tightened screw during installation, the Basco team stresses precision and accuracy. Our expert craftsmen deliver a superior product and our factory-trained installers ensure your enclosure looks and functions as it was designed.

# Door & Panel

F r a m e d

With a variety of options, there is a framed door and panel enclosure that complements the personality of your bathroom. The versatility of a door and panel enclosure allows for a perfect fit into any space with an opening that exceeds 36".

## **Thinline 145HI/745HI**

Clear Glass • Burnished Copper

Thinline enclosures, in a variety of configurations, feature a framed pivot or hinge door. Shown here as a continuous hinge door with return panel. These units are available in heights of 68 1/2" and 72".

## **Thinline 135S/135/735**

Clear Glass • Brushed Bronze

Flexibility is the nature of Thinline door and panel enclosures, offering more glass for a spacious appearance. Shown here as a framed pivot door and panel for openings that exceed 36". This unit is available in heights of 65 3/4", 68 1/2" and 72".

**Timeless** Upgrading your bathroom is an investment, one that should last well into the future. Basco utilizes clean, classic lines, ensuring that your shower enclosure will always be in style.

**Thinline 150/750**  
Clear Glass • Silver

Our Thinline door and panel enclosures accommodate any configuration. Shown here as a framed pivot door and panel with return. These units are available in heights of 68 1/2" and 72".

# Finish Options

It's a color palette many artists would envy. Whether anodized or painted with our unique trademark finishing system, Bascoat™, our frame options complement today's most popular faucets and bathroom fixtures. They turn any bath into a masterpiece.

# Basco Distinctives

## Class & Elegance

Every Basco shower enclosure is designed, manufactured and installed with the goal of creating an oasis for relaxation. Regardless of the enclosure you choose, it will complement and enhance the look and feel of your space.

## Trusted Brand

Basco shower enclosures are consistently rated number one in quality and brand preference. The Basco seal on every door assures you of our promise. When you see the Basco name, you can expect the best.

## Precision Engineering

Basco team members fabricate every shower enclosure with accuracy and workmanship. Our shower enclosures maximize performance and durability while looking beautiful.

## Premium Materials

Every shower enclosure is manufactured with durable, quality materials. Frames are made of hardened aluminum, undergoing an exclusive heat treatment for lasting beauty. The process prevents bending and protects the surface against scratches.

## Innovative Features

Basco's unique Sta-Kleen track is standard on all sliding doors. The mechanism prevents dirt buildup while keeping water securely within the enclosure. Our swing doors have innovative drip systems and seals to keep water in the shower and off the bathroom floor.

## Distinctive Hardware

Basco's solid brass hinges are engineered for heavy use and timeless beauty. Door pulls, towel bars and knobs are 30 percent heavier than other brands. All of our hardware is available in our variety of quality finishes.

## Glass Options

Basco offers the industry's largest variety of glass options in our Celesta and our Premium glass lines. They're offered in a variety of styles, from the subtle blurring of arctic frost to the distinctive look of rain. We were the first to use safety-tempered glass, and continue to provide our customers with this feature.

## Complementary Color

Our finish color options are designed to complement today's most popular faucet and bath hardware. The palette is as diverse as our customer's preferences, from classic silver to the more rustic antique pewter. We use our trademark finishing system, Bascoat™, to protect the enclosure's luster and shine.

## Custom Design

If the bathroom of your dreams isn't in any catalog, Basco's experts will help you build it. With over 50 years of experience, Basco can fit any style and size shower enclosure you need. And because of our expertise, you'll have it in days, not weeks.

**Value** At Basco we believe in long-lasting value. We develop, recommend and stand behind our products so that you may enjoy your shower enclosure for many years to come.

# Product Care

It's our pleasure to take care of our customers. That's why we recommend and develop products to make it possible for you to enjoy your shower enclosure long after the installation is complete.

## AquaGlide™

The best way to keep your glass looking newer longer is to protect it before it leaves the factory. Basco offers the unique AquaGlide™ glass protection system. This long-lasting, protective coating makes cleaning shower glass as simple as spraying it with water. It makes water bead on glass and prevents water spots, soap scum build-up, stains and mineral deposits. Customers can also purchase a kit to apply or revitalize the protective coating at home.

## Clerét

When used after showering, Clerét is a superior glass cleaning tool that prevents soap build-up and water spots. It provides excellent care to keep all types of glass, especially clear glass, sparkling clear.

Clerét is available in two color combinations: white with aqua blades and white end caps (CG101), white with white blades and silver end caps (CG101S).

## Bathroom Cleaning

Basco recommends Lysol® Bathroom Cleaner as the best cleaner for your shower enclosure. This safe, non-abrasive product dissolves soap build-up without harming the metal surfaces of your shower enclosure framing, rails, hardware and hinges.
