4 EASY STEPS

How to Create your Dream Bathroom

1 MEASURING TUB OR SHOWER

The right measurements are essential to ensure shower enclosures fit right the first time. Make sure the entire process goes smoothly by utilizing our measuring guide on page 27 and visiting our website for additional resources.

2 CHOOSING DOOR TYPE

This is mainly determined by the size and shape of your shower. Choose from Inline, Return and Neo Angle Options (European to Traditional style) that will suit your taste and space perfectly.

3 SELECTING FRAME & FINISH

Basco's core line includes both semi-frameless and framed enclosures. Also, Basco offers an extensive selection of frame finishes to complement your bathroom décor. Please reference page 26 for all available finish options.

4 PICKING A GLASS PATTERN

Basco's core line offers premium glass in both 1/4" and 3/16" options. In addition, Basco offers several varieties that provide privacy or limit visibility into the shower. Please reference pages 24-25 for all available glass options.

A COLLECTION OF CUSTOM, HEAVY GLASS FRAMELESS LUXURY

If your project calls for a premium one-of-a-kind shower enclosure, consider the RODA by Basco collection. The RODA product line offers luxurious frameless heavy 3/8" and 1/2" glass enclosures which are custom made to fit any space.

Handcrafted to perfection, every RODA shower enclosure is custom crafted and designed to meet the highest quality standards. From your design to heavy cut glass, and the beautiful hardware finishes, every RODA enclosure is built by hand one at a time, customized to your exact specifications.

Create the ultimate finishing touch to your retreat. Ask your Basco sales associate for details.

GRIDGLASS

The GridGlass Series is perfect for anyone who is looking to make a statement. The bold design with clean-cut lines creates a uniquely vintage yet modern look that catches the eye. The grid is created with Ceramic Frit Digital Printing Technology and fused to the glass during our in-house tempering process, meaning it is permanently bonded to the surface. This makes it as resistant to abrasion and chemicals as the glass surface itself.

Currently available for select sizes of our Rotolo and Rolaire GridGlass Enclosures

DISTINCTIVE FEATURES

CELESTA

The transitional streamlined appearance and variety of design configurations make the CELESTA Series the perfect complement to any bathroom shape and décor.

Currently available for Shower Screens, Single Swing Doors, Door & Panel, Panel/Door/Panel, Door/Return Panel, Panel/Door/Return Panel, French doors, Sliding Doors and Neo Angle configurations, as well as custom and steam applications.

DRESDEN

It is a modern-day masterpiece that sets the standard for solid strength and simplicity. The DRESDEN Series is breathtaking with its majestic lines and contemporary, clean design - perfect for your new escape.

Currently available for Single Swing Doors, Door & Panel, Panel/Door/Panel, Door/Return Panel, Panel/Door/Return Panel, French doors, and Neo Angle configurations, as well as custom and steam applications.

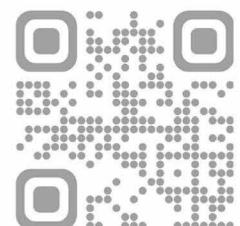

TRESOR

The rich accents and classic details of the TRESOR Series establish the perfect design elements for traditional décor. Ideal for interior design tastes rooted in timeless, distinguished style.

Currently available for Single Swing Doors, Door & Panel, Panel/Door/Panel, Door/Return Panel, Panel/Door/Return Panel, French doors, and Neo Angle configurations, as well as custom and steam applications.

DISTINCTIVE FEATURES

LUX

The Lux Series marries our custom heavy glass shower enclosures with a stylish and distinctive 8-inch pull handle to take your shower door to the next level. The focus of this series lays on the modern simplicity and elegance of its rounded pull handle with mitered corners.

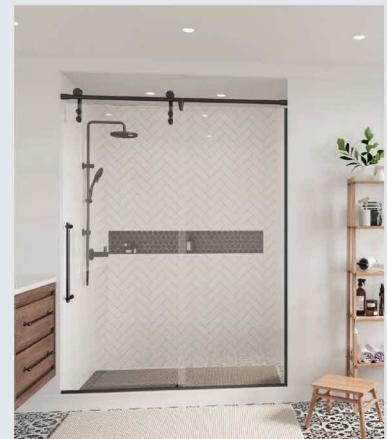

Currently available for Single Swing Doors, Door & Panel, Panel/Door/Panel, Door/Return Panel, Panel/Door/Return Panel, French doors, and Neo Angle configurations, as well as custom and steam applications.

ROLAIRE

With a magnificent blend of architectural elegance and upscale flair, the Rolaire series is an innovative masterpiece in design and delivers sophisticated luxury with exceptional performance. The 3/8-inch heavy tempered glass provides a smooth experience when rolling the door with a 18-inch handle. The shower door's exposed rollers are above the glass door and panel.

Currently available for Door & Panel, Panel/Door/Panel, Panel/Door/Return Panel, as well as custom applications.

ROTOLO LUX

The Rotolo Lux Series offers the best combination of ultramodern looks, performance and minimalistic bypass design. Barn-door style, this frameless enclosure completes your contemporary sanctuary. This Series is equipped with an innovative "Quiet Capture" system that includes a unique center guide and bumpers that minimize noise while the doors are in motion.

Currently available as Inline Bypass Rolling Door.

DISTINCTIVE FEATURES

VONSE

The soft and graceful curves of the Vonse series feature the finest, sleek hardware that is highlighted with stunning detail and luxurious design touches. Vonse offers distinct curves to help create a one-of-a-kind shower enclosure for your home.

Currently available for Single Swing Doors, Door & Panel, Panel/Door/Panel, Door/Return Panel, Panel/Door/Return Panel, French doors, and Neo Angle configurations, as well as custom and steam applications.

GEOLUX

Solid and bold, the Geolux series offer a geometric modern design, distinctive lines and accents that can transform a bathroom into a luxurious retreat from the outside world.

Currently available for Single Swing Doors, Door & Panel, Panel/Door/Panel, Door/Return Panel, Panel/Door/Return Panel, French doors, and Neo Angle configurations, as well as custom and steam applications.

COPPIA

The luxurious simplicity of the Coppia Series creates a contemporary design with beauty that is sure to stand the test of time.

Developed to provide additional adjustment to your unique opening, your shower will feel as if it was always meant to be there.

Currently available for Single Swing Doors and Door & Panel configurations.

BYPASS MODELS

The **Rotolo Lux** bypass rolling door is a semi-frameless enclosure that offers the best combination of ultramodern looks, performance, and a minimalistic bypass design. MAKE ORDINARY GLASS EXTRAORDINARY PROTECT YOUR INVESTMENT

Available in any Basco glass, AquaGlide^{XP} is a revolutionary ultra-protective coating that bonds to the glass and keeps it in pristine condition backed by a 10-year warranty when factory applied.

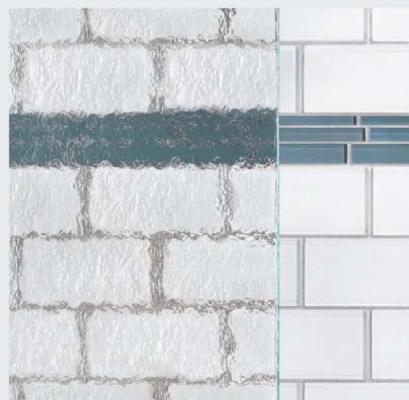

- Low maintenance – Requires less cleaning than untreated glass
- Effective water repellent at an affordable price point
- Minimizes mildew, soap scum and hard water build up
- Can be applied on any glass thickness or style
- Recommended periodic squeegee use and maintenance cleaner for best results

To ensure long-lasting beauty and warranty protection, Basco strongly recommends the AquaGlide^{XP} Maintenance Wash. Please ask your sales associate for details.
