STANDARD SIZED - VALUE PRICED

Celestial. Charming. Quaint.

## Bypass Rolling Door RTLA-905

RODA by Basco's Rotolo Bypass Rolling Door semi-framed enclosure offers the perfect combination of contemporary looks and functionality with the innovative bypass design. Its smooth rolling door mechanism, dual bypassing glass panels, subtly curved towel bar and popular finish provides all the features of a premium door – with benefits of simplified installation and adjustability while the door is hanging – makes this the ideal package.

The Rotolo Series is value priced in 44" - 48" & 56" - 60" opening sizes with a 76" height.

*Rotolo Bypass Rolling Door (RTLA-905CLSV)  
featuring 3/8" Clear Glass with Chrome Finish*

### Advantage Basco vs. The Other Guys

| Feature          | The "Other Guys"                                  | The Basco Rotolo                               | The Basco Advantage                                   |
|------------------|---|--|---|
| Panel Spacing    | 1-7/16"   | <b>1-3/16"</b>                                 | Precise panel fit, less opportunity for leakage.      |
| Wall Jambs       | Exterior Channel                                  | <b>"H" Channel</b>                             | Conceals less-than-perfect wall conditions.           |
| Header Bracket   | Large, Exposed                                    | <b>Concealed within "H" Channel</b>            | Less bulky header design for a cleaner, sleeker look. |
| Header           | Cut-to-Length header must be precise              | <b>Up to 3/8" play in cut-to-length header</b> | More installation flexibility.                        |
| Roller Anti-Jump | Secondary piece requires mechanical fasteners     | <b>Secondary piece snaps in place</b>          | Installation friendly for the do-it-yourselfer.       |
| Panel Guide      | Rails at the bottom of the glass act as the guide | <b>Guide requires no metal</b>                 | An easier-to-clean, low threshold design.             |
